Equality and diversity monitoring

We are committed to ensuring that people from all sections of the community are treated equally and not discriminated against on the grounds of gender, ethnicity, religion or belief, sexual orientation, disability or age.

To help us to do this, we would be grateful if you would complete this form and return it to us. You are not obliged to answer any of the questions, but the more information you provide, the more effective our monitoring will be. The information will not be used as part of the application process itself and will be held separately, confidentially and anonymously from the application form. Thank you for your assistance.
