

Moving with Confidence

Our Moving with Confidence programme supports people aged 50 and over to get out and about, be more physically active and more socially connected.

It is open to all abilities, but particularly suited to those who need to build confidence and address mobility issues so that over time they can undertake physical activity and access social opportunities independently.

Moving with Confidence sessions will take place weekly on **Wednesday afternoons** from **12:00 – 12:45pm** in the **Community Hub at Age UK Leeds, Bradbury Building, Mark Lane, LS2 8JA**.

Starting **Wednesday 21st June 2023**, with **weekly chair-based exercise sessions** for those with reduced mobility, the programme will expand to include a mixture of regular and one-off movement-based activities such as

- Low impact dance classes
- Indoor/outdoor physical games
- City Centre Treasure Hunts
- Other creative events involving gentle movement e.g. Fashion Shows

To book your place in advance or find out more, please contact Sam Coates on 07873500021 or email sam.coates@ageukleeds.org.uk

Details of the latest Moving with Confidence activities will also be available to view on our website at www.ageuk.org.uk/leeds/activities-and-events/
