Drawing Challenge

Draw:

- Something shocking
- Something reflective
- A garden

It's up to you what you draw with these challenges, it can mean something different for you than it might be for someone else.

Use different forms if you have them paint, pencils, felt tips, chalk, crayons. These can be helpful to layer up and bring texture if they suit your drawing.

Maths quiz

$$4190 - 438 =$$

If my first appointment is at 2.31pm and this appointment takes 17 minutes then I wait 14 minutes for my next meeting and that lasts 47 minutes. What time is it by the end of my meeting?

What is the area of a rectangle that is 6cm long and 5cm wide?

What kind of angle is bigger than 180 degrees?

Poetry

Make the following into a poem;

When I fall asleep....

I toss and turn....

I dream

I wake

Maze

Word Wheel

How many words can you make with the letters from the word wheel? Each word must use the letter in the centre of the wheel.

Read: Enemies by Wendell Berry

If you are not to become a monster,
you must care what they think.
If you care what they think,

how will you not hate them,
and so become a monster
of the opposite kind? From where then

is love to come—love for your enemy
that is the way of liberty?
From forgiveness. Forgiven, they go

free of you, and you of them;
they are to you as sunlight
on a green branch. You must not

think of them again, except
as monsters like yourself,
pitiable because unforgiving.

Caption competition

Come up with a caption for the following image, the funnier the better!

Guess the film quiz

Make millionaire's shortbread

What you need:

For the shortbread:

250g plain flour

75g caster sugar

175g butter, softened

For the caramel:

100g butter or margarine

100g light muscovado sugar

397g can condensed milk

For the topping:

200g plain or milk chocolate, broken into pieces

Square baking tin

Baking paper

Mixing bowl

Spoon

Fork

Knife

Pan

Spatula

What to do:

1. Heat the oven to 180C/160C fan/gas 4. Lightly grease and line a 20-22cm square or rectangular baking tin with a lip of at least 3cm.
2. To make the shortbread, mix 250g plain flour and 75g caster sugar in a bowl. Rub in 175g softened butter until the mixture resembles fine breadcrumbs.
3. Knead the mixture together until it forms a dough, then press into the base of the prepared tin.
4. Prick the shortbread lightly with a fork and bake for 20 minutes or until firm to the touch and very lightly browned. Leave to cool in the tin.
5. To make the caramel, place 100g butter or margarine, 100g light muscovado sugar and the can of condensed milk in a pan and heat gently until the sugar has dissolved. Continually stir with a spatula to make sure no sugar sticks to the bottom of the pan. (This can leave brown specks in the caramel but won't affect the flavour.)
6. Turn up the heat to medium high, stirring all the time, and bring to the boil, then lower the heat back to low and stirring continuously, for about 5-10 minutes or until the mixture has thickened slightly. Pour over the shortbread and leave to cool.
7. For the topping, melt 200g plain or milk chocolate slowly in a bowl over a pan of hot water. Pour over the cold caramel and leave to set. Cut into squares or bars with a hot knife.

Quiz Answers

Finish the saying

Necessity is the mother of ___ *invention* _____

Neither a borrower nor a _____ *lender be* _____

Never the twain shall _____ *meet* _____

No man is an _____ *island* _____

Questions

Blue Slate, Bourbon Red, and Midget White are breeds of what? *Turkeys*

What was the surname of Margot and Jerry in the classic 1970s sitcom The Good Life? *Leadbetter*

Pip is the main character of which book by Charles Dickens? *Great Expectations*
