

Culture Buddies

Culture Buddies is a postal art exchange project where participants can connect with others and stay creative – all in the comfort of their own home.

Who's it For?

Culture Buddies is aimed at older, isolated adults in Stockport who, due to health or digital exclusion are not benefiting from other services at this time

What to Expect:

- An Art Pack full of materials delivered to the participants door and a set of stamped envelopes.
- A Culture 'Buddy' – a volunteer with whom they will begin a creative exchange through the post - inspiring one another to add to, or create a new pieces of art.

There is no time limit on the project, so participants can take their time to create work. All post will go via Arc Centre at the Hat Works, so there will be no exchange of personal addresses.
