**Thank you!**

Our community is going through challenging times at present.

Many people need that community more than ever right now - whether it is for company, small acts of kindness, or to know that, even behind closed doors, they are not alone.

What your team have been doing to support our whole area with the Support Hub, to help people get their prescriptions and essential items, has been remarkable.

I wanted to drop you a line to say thank you - from me, but also from our community. Your hard work, selflessness, and support for those who have not been able to help themselves at this worst of times, has been nothing short of remarkable.

Thank you. If there's anything that you need then please don't hesitate to contact me.

With kind regards

*Simon*
