Here at Age UK Birmingham and Age UK Sandwell, we understand how important it is to look after yourself and your loved ones. We offer a wide range of services to help people in later life.

Later Life Planning Services

When it comes to making important decisions about your money or legal matters, our qualified team can help you and your loved ones find peace of mind.

Making a Will

Making a will is important because it allows people you choose to sort things out easily when you die. Our team can help you to write or make changes to your will to ensure that your intentions and wishes are clearly set out.

This is important because without a will your wishes for the distribution of your property, possessions or money will not be carried out, unmarried partners will not be able to inherit from each other, and any wishes for children may not be honoured.

Funeral Plans

A funeral plan is an easy and affordable way to pay for your funeral in advance. This will help to confirm your final wishes, allowing your loved ones to focus on celebrating your life, rather than worry about how they'll pay towards your funeral. Our team of advisors are here to help you find the right pre-paid plan for you, giving you peace of mind.

Lasting Power of Attorney

A Lasting Power of Attorney (LPA) is a legal document that allows you to appoint someone you trust to help make important decisions for you or act on your behalf if you are no longer able to.

Our team can give you advice and help draft a Lasting Power of Attorney (LPA) agreement, registering it with the Office of the Public Guardian (OPG). We can also help with drafting an Advance Decision or 'Living Will'.
