## Age UK Bolton working in partnership with Turton School

This exciting project provides the opportunity for people aged 50+ who live in the Egerton, Bromley Cross, Bradshaw and Harwood areas to enjoy relaxed social contact in a friendly and welcoming environment.

By bringing older and younger people together to share experiences and skills, learning can be creative and innovative with a mutual understanding and appreciation of knowledge across the age groups.

### Activities include:

- Computers and the internet
- Arts/crafts
- Specialist talks
- Inter-generational discussions
- Quizzes
- Board/word games
- Displays of dance, music and drama by students
- Use of mobile phones

We welcome ideas for new activities
