

# Self-directed support workshops

We are looking for people with lived experience (who use care services or are carers) to share their experiences at our upcoming workshops.

We want to make sure people are in control of their support. One way to do this is through self-directed support, where you choose how funding is spent on your care.

## Self-directed support options include:

### Direct Payments

Money is paid directly to you and you control how this is spent on your care.

### Individual Service Funds

Money is paid directly to a service provider and you decide how this is spent on your care.

Our next workshop will be held on Zoom in August. Details about future workshops can be found on our website. Join us online on either Tuesday 1 August 4pm to 7.30pm or Wednesday 2 August 1pm to 4.30pm
