## Latest COVID-19 information and advice for the borough of Bury November 4, 2020

### Bury prepares to lockdown

A new national lockdown is upon us. From 00.01 tomorrow morning, many doors in Bury will be closing and largely staying shut until at least December 2.

People will be staying home more, sacrificing time with friends and family. Occasions like birthdays will go by quietly or unmarked, Remembrance Sunday observed at home or online, no gatherings for events like bonfire night or festivals like Diwali.

Our retail and hospitality businesses who worked so hard to reopen in the summer and have continued to provide exemplary service to our communities will once again be closed, some moving to takeaway service and providing goods by telephone or online.

While this lockdown is different, with early years and education settings remaining open, there will still need to be a huge sacrifice, made by many.

But if we are to get on top of high infection rates in our community, the corresponding rise in hospital admissions, and, sadly, deaths, lockdown is our opportunity to hold this devastating disease at bay.

Key workers including those in NHS, care and education will once again come to the fore as we face another few tough weeks.

Our own teams and other public services supplemented by an army of volunteers are ready to step up again, supporting vulnerable residents, supporting our schools and colleges and supporting our business community.

COVID-19 has presented us with the biggest crisis in a generation, and we will continue endeavour to do everything we can to get through it.

Together, we've got this  
#TeamBury

## Support is at hand

With the news on Saturday afternoon that England was to enter lockdown, Bury has readied to deploy a set of support options available to those most affected.

### ***Support for the clinically extremely vulnerable***

Prominent among those with the greatest need are the group who are clinically extremely vulnerable and have been advised to not go out to shops or pharmacies. Through its Community Hubs network, Bury Council is reaching out to this group to ensure they have the support they need over the next few weeks.

Help can be given with food shopping and collecting prescriptions as well as telephone befriending support and support to get online for things like supermarket deliveries.

Call 0161 253 5353 (Monday to Friday, 9am to 5pm) for information or if you need a hand.

### ***Mental health support***

Coronavirus means that life has changed for all of us for a while, and it's natural that this may cause you to feel worried or anxious, lonely or frustrated. If you feel you need some extra support, Bury's Getting Help Line is a confidential telephone service for people of all ages that are experiencing difficulties with their mental wellbeing.

Run by the voluntary sector, you can access advice, guidance and signposting to local services by calling the Getting Help Line on: 0161 464 3679, Monday to Saturday, 8am to 8pm. Find out more about other mental wellbeing support at: [www.bury.gov.uk/mentalwellbeing](http://www.bury.gov.uk/mentalwellbeing)

Find out more at [bury.gov.uk/coronavirus](http://bury.gov.uk/coronavirus)

### ***Financial support for individuals, including for those self-isolating***

A scheme that offers a one-off £500 payment to those asked to stay at home and self-isolate by NHS Track and Trace is now open for applications. Aimed at those on low incomes, a £500 payment will be made to people who cannot work from home and will lose income as a result. Further details and an application form are available at [www.bury.gov.uk/isolation-payments](http://www.bury.gov.uk/isolation-payments)

For those experiencing financial difficulty, the government's website offers help and advice. Find out more here: [gov.uk/coronavirus/worker-support](http://gov.uk/coronavirus/worker-support)

### ***Business support***

Guidance has now been received on new Local Restrictions Support Grants and Additional Restrictions Grants. We are working hard on getting these new schemes up and running, and will provide updates via our website and social media channels as soon as possible.

## **Latest data**

New confirmed cases of COVID-19 continued to increase in Bury in the week to October 29 up to a rate of 561.8 cases per 100,000 people per week. The numbers of patients in local hospitals with COVID-19 continued to increase and are now higher than the peak in April. Deaths from COVID-19 also continued to increase in line with earlier hospital admissions, with the ONS reporting five new deaths in the week up to October 16 (the most recent week for which ONS deaths data is available). The make-up of new cases is largely unchanged from previous weeks, with most cases occurring in working age adults and in people who identified as British.

With 1073 new cases recorded in the seven days to October 31, Bury's infection rate has risen from 549.8 per 100,000 to 561.8 per 100,000 and continues to be among the highest rates in the UK.

The four-week summary in Bury:

Week ending October 31: infection rate 561.8 (1073 new cases)

Week ending October 24: infection rate 549.8 (1050 new cases)

Week ending October 17: infection rate 418.9 (800 new cases)

Week ending October 10: infection rate 374.4 (715 new cases)

## **Stopping the Spread**

While many of us won't be going far over the next few weeks, when we do go out it's really important to keep on with three simple actions that go a long way to stopping the spread of coronavirus:

- Wash hands – keep washing your hands regularly
- Cover face – wear a face covering in enclosed spaces
- Make space – stay at least 2 metres apart – or 1m with a face covering or other protection.

Let's follow the rules and get the rates down.

## **Getting Tested**

Testing centres will continue to operate as normal during lockdown. We are working hard to ensure that everyone in Bury who needs a test for COVID-19, gets one.

Please only request a test if you have symptoms - a high temperature, a new continuous cough, or a loss or change to sense of smell or taste. Get tested within the first 3-5 days of symptoms.

#### ***Full list of testing options:***

- Walk-through testing centres (no appointment needed) at the Mosses Centre and Chesham Fold (open 10am-3pm, Mon-Fri)
- Drive-through testing (by appointment) at Waterfold Business Park
- Department for Health & Social Care testing centres (by appointment):
  - The former Radcliffe Pool car park, Blackburn Street (open 8am-8pm, Mon-Sun)
  - Whitefield Library, Pinfold Lane, Whitefield (open 8am-8pm, Mon-Sun)
  - The Metro Christian Centre, 13 Parkhills Road (8am-8pm Mon-Sat)
  - Longfield Centre car park (via Rectory Lane), Prestwich (open 8am-8pm, Mon-Sun)
- Tests at regional sites/home test kits are also available.

#### ***How to book***

With the exception of our walk-through testing centres where no appointment is needed; people requesting a test need to book an appointment in advance. The way you book an appointment varies by location as the testing sites are run in different ways by different providers. You can find all the information you need on booking and testing generally in one place:

<https://www.bury.gov.uk/coronavirus-testing> or call 0161 253 5515.

## **Isolation**

Self-isolating in an appropriate and timely way is one of the best lines of defence we have against the spread of coronavirus.

If you're asked to self-isolate, please comply. If you have any of the symptoms of coronavirus please isolate immediately and get tested. And once you have had a coronavirus test, please go home and stay there until you have your result and then act accordingly.

Bury Community Hubs can help with shopping or prescription needs for those self isolating. Call 0161 253 5353 (Monday to Friday, 9am to 5pm) for information.

## **Bury Council services**

Most council services will remain in operation during lockdown. This is with the notable exception of leisure services, libraries, the tourist information centre and Bury Art Museum. For latest information we will be keeping our website at [bury.gov.uk](https://www.bury.gov.uk) fully up-to-date

Next update due Thursday November 12, 2020.

Find up-to-date information at [bury.gov.uk/coronavirus](https://www.bury.gov.uk/coronavirus)
