

# Age UK CAP – Covid Recovery Roadmap

The government roadmap to come out of lockdown is based on scientific data and consists of 4 steps. It began on 12<sup>th</sup> March and continues through the steps as lockdown restrictions are lifted. This will happen across England at the same time. While the steps have been outlined, the dates when each step will come into effect could change. There will also be at least 5 weeks between each step. Before each new step of the roadmap, the government will review the latest data and decide whether this data supports the further lifting of restrictions. Any changes will be confirmed a week in advance.

## Step 1

No earlier than 8<sup>th</sup> March.

You can meet 1 person from another household outdoors for social purposes, as well as for exercise. So you can grab a coffee, for example. You must still socially distance.

No earlier than 29<sup>th</sup> March.

### What's changing?

You can meet up outside with people in groups of a maximum of 6 people from different households OR you can meet in groups of more than 6 but only where it is from 2 households. This will be in all outdoor settings, including private gardens. You must still socially distance from those not in your household or support bubble.
