Guide to Connecting to Wi-Fi

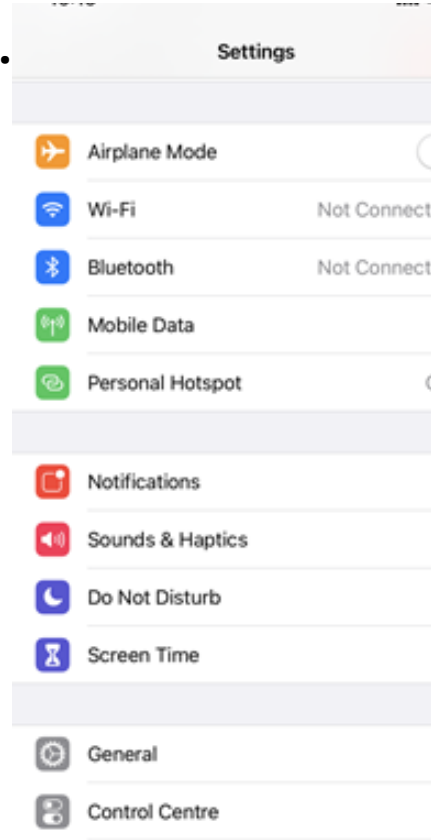

**Wi-Fi is technology that allows your
phone, tablet and PC to connect to
the internet**

Connecting to Wi-Fi - iPhone

1. Unlock your phone and click on 'Settings'. This is the grey cog button.

2. Next click on 'Wi-Fi'.

3. Now find the name of your Wi-Fi router under 'My Networks', and then click onto it.

4. Enter the password of your Wi-Fi. Make sure you are very precise when entering it ensuring all upper and lower case letters and numbers are correct.

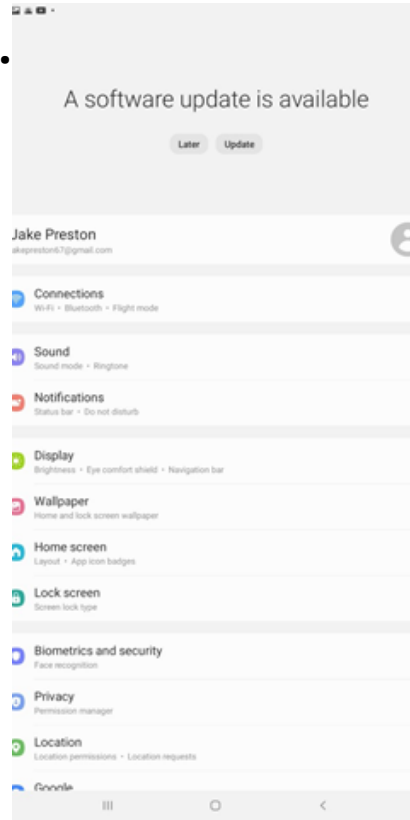

If you have successfully connected to your Wi-Fi the above symbol (in the orange circle) should appear.

Connecting to Wi-Fi - Android

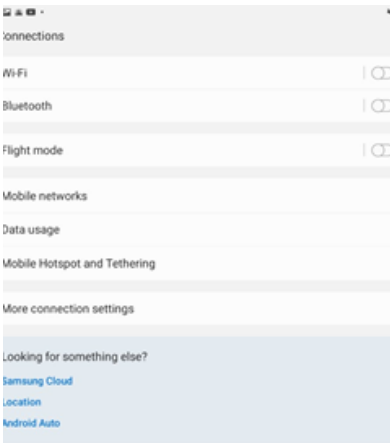

1. Unlock your phone and click on 'Settings'. This is the grey cog button.

2. Next click on 'Connections'.

3. Slide the switch button next to 'Wi-Fi' so that it turns blue.

Now click on 'Wi-Fi'.

4. Next find your Wi-Fi name and click onto it. Enter the password of your Wi-Fi. Make sure you are very precise when entering it.

5. If you have successfully connect to your Wi-Fi the above symbol (in the orange circle) should appear.

If you have successfully connect to your Wi-Fi the above symbol (in the orange circle) should appear.
