# Guide to setting a reminder on your phone

Setting a reminder is a useful way to  
keep on top of your appointments,  
meetings or social events. It's easy once  
you get used to it.

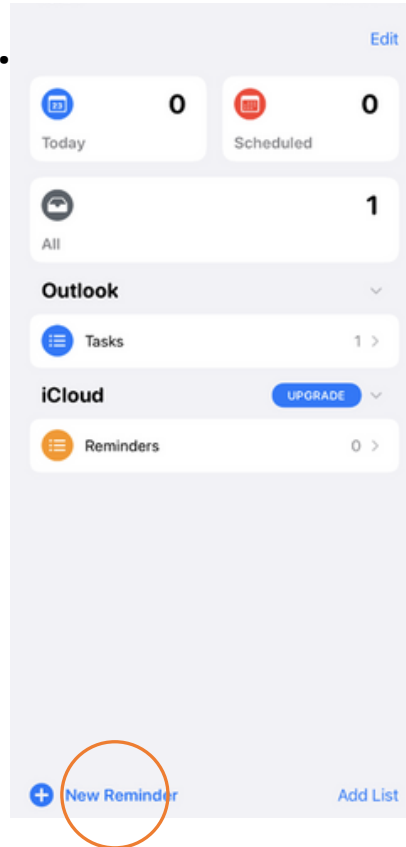

# Setting a reminder on an iPhone

1.

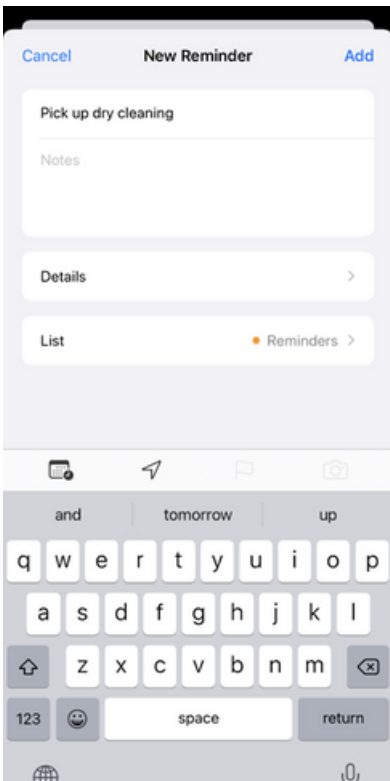

Tap on the 'reminder' icon on your main screen.

2.

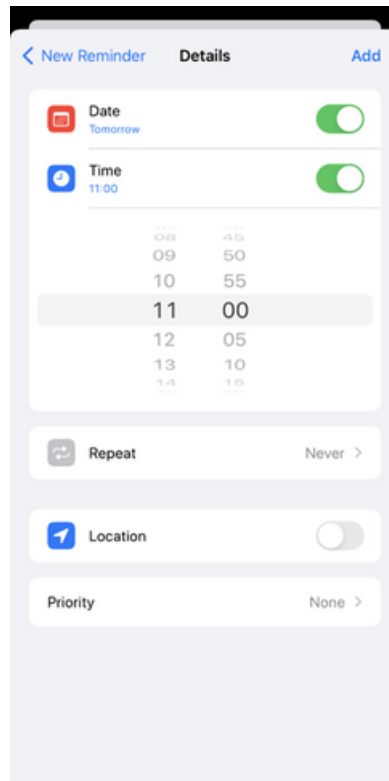

Tap on new reminder at the bottom of the page.

3.

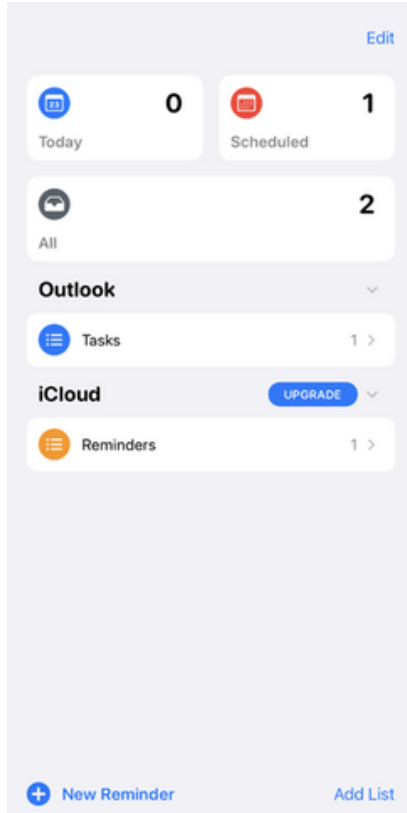

write in what you need reminding of. Then tap on details.

4.

click on the switches by date and time to then enter a specific day and time you need reminding. Then press add

5.

Should look like this with one upcoming reminder scheduled

6.

you can click on all to see what reminders you have coming up

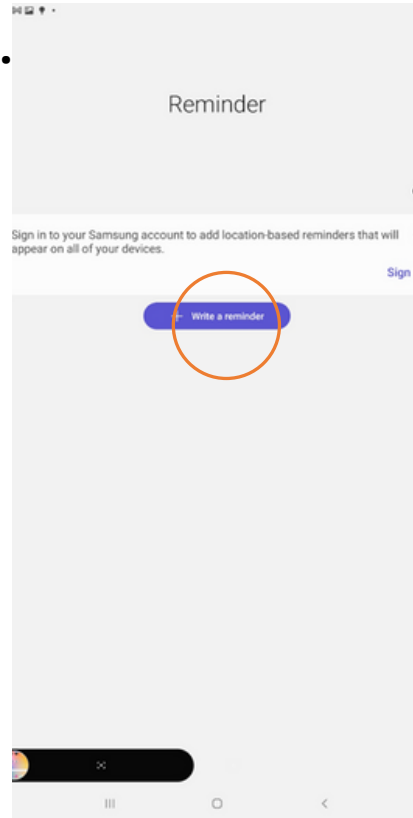

# Setting a reminder on an Android

1.

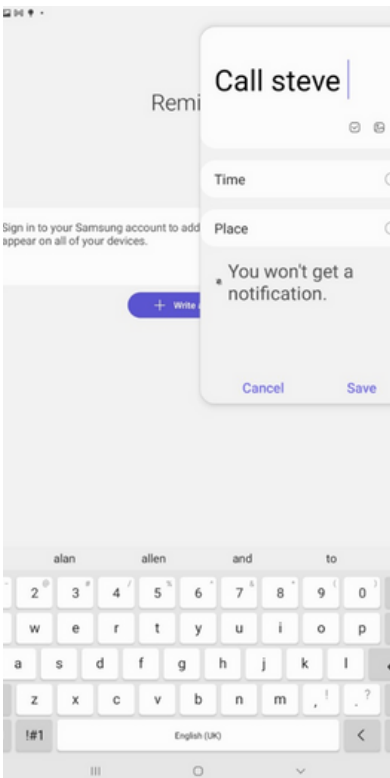

Click on the reminder icon that is a bell.

2.

Click on write a reminder.

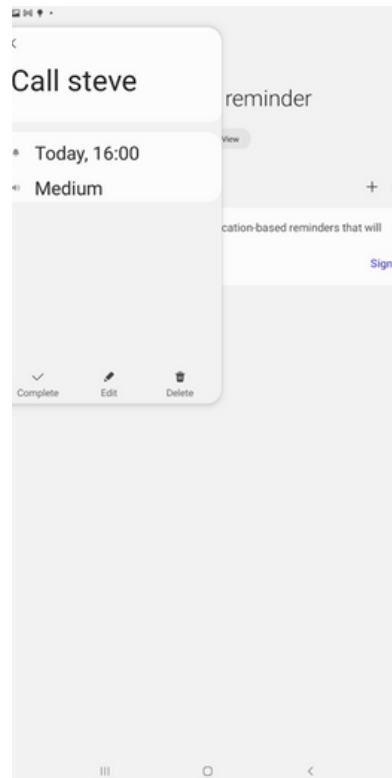

3.

Type in what you need reminding

Click the switch next to time and select exactly you want to be reminded. Then press save.

4.

Click on the reminder if you have already completed and press complete.
