## AGE UK CAMDEN Counselling Services

## SCHEDULE OF INFORMATION RETAINED AND PROCESSED (CLIENTS) -

## Please note that the organisation may keep basic anonymised information beyond the retention period for statistical reporting.

Information gathered and retained	Purpose for processing	Organisations that this information may be shared with and reason why	Legal basis for procession	Assessment of data subjects interests	Duration of retention
Personal identifiers e.g. name, CLOG and IAPTus reference number	To identify client. Clog and IAPTus numbers are used to anonymise the client during reports	IAPTus is a NHS database shared within the CPTP (Camden Psychological Therapies Partnership, funded by the NHS). By extension, the NHS access anonymised data for reporting and monitoring purposes. Sharing IAPTus allows all partners to follow the client's pathway through the partnership. Clog is AUC database, through which AUC keeps a record of services provided, including the counselling service.	Necessary for the performance of a contract o which the data subject is a party. Necessary for the legitimate interests of the organisation.	Impact on data subjects rights and freedoms is very low. Processing is in data subjects interest.
