

Independent Living Services

Initial Consultation
Cost of Service £49 (including VAT)

Experts in sourcing care for you

“We are experts in sourcing care for you. Let our team take the stress away from this process, following an in-depth discussion to establish your exact needs and wants. We have exclusive access to the whole of the care market”

How it works

01 INITIAL CONSULTATION

Our initial consultation is offered for up to 1 hour, to help you to identify what support is right for you or your loved ones. We can provide informed advice and guidance to allow you to decide what is best at this time for you. We will provide you with information to suit your needs and circumstances, so you are able to make informed choices.

If we feel that more support is needed via an assessment from Adult Social Care, we can place a referral for you and with our range of other services we can connect you with the right help based on your requirements.

We will provide you with a summary of our discussion and advice and, with your consent retain your details for any future enquiries.

02 SIGNPOSTING TO OTHER PRODUCTS

In addition to advice on our services we can signpost you to products that are designed to support us as we age. [Age Co](#) is the trading arm of Age UK and offers a range of independent living solutions from stairlifts and personal alarms to incontinence protection to provide comfort and reassurance in and out of the home.

The best part, Age Co profits are donated to the charity, so when you purchase an Age Co product through us, you're helping us to support local older people in need.

03 ACCESS SOCIAL CARE

Finally, we know that sometimes you may need more help than we can offer so Age UK Cheshire has teamed up with Access Social Care. This service specialises in simple to access and easy to navigate legal advice for people with social care needs – they can provide tailored advice, information and templates you can use for free to support you with any enquires you may have.
