### Q4 | Jan to end of Mar 23

Despite the difficult weather conditions across Cornwall, our volume of community bookings have increased, helping people enjoy a wide range of trips, outings, and support.

We have helped people reach: Carer, Dementia, and Cancer Support Groups; Wellbeing, MS Society South West Group and Mental Health Services; Community Hubs for wrap-around activities and connection; and provided meals on wheels, shopping services and beach trips.

The picture above highlights one of our vehicle in action, supporting meals on wheels, and helping people attend activities at a local community hub in Falmouth.
