

Community Transport

Our impact & the difference we make

April 1st to June 30th 2026

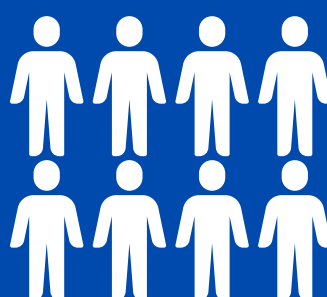

I am facing mobility challenges that affect my right hand and arm, and I am currently undergoing cancer treatment. As a result, I have had to stop driving due to my health issues. Therefore, your assistance in helping me attend appointments and social trips has been warmly welcomed. Roz

75,685

miles of support across Cornwall & the Isles of Scilly.

5,030

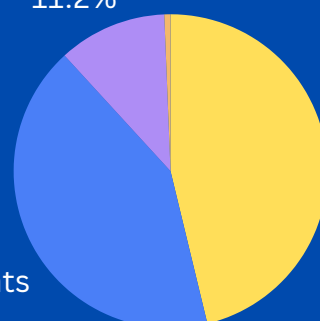

Journey's for 1,701 people throughout Cornwall

4.89

our sustainable transport services helped reduce our carbon emissions output - saving 4.89 metric tonnes of CO2e.

Appointments
42%

We provided 2,325 journeys for social outings, 2,111 appointments, and 562 shopping and welfare trips.

Despite the challenging heat conditions, Community Transport Services have remained dedicated to assisting individuals and local groups, successfully completing 5,030 journeys. These journeys include trips to and from community hubs, regular health appointments, social outings, and days out. We're proud to announce that this quarter, we provided support to over 50 wheelchair users, **fostering greater pathways for choice, independence, and control.**

This month, we are launching a recruitment drive for more volunteers. The hours are flexible to accommodate various schedules, and mileage will be reimbursed for all volunteers. If you know someone who would be an excellent fit for volunteering, please reach out to us at the number below or email us at **volunteering@ageukcornwall.org.uk**
