Age UK County Durham are offering this paid for service in response to requests from older people, their family and friends.

Most people would much prefer to stay in their own homes, to continue living in the communities they have for many years but as we get older, some jobs become more difficult to do and life at home can be less safe and manageable.

Although Age UK County Durham would ideally like to offer this service free of charge, we do not have the money to do that and therefore have to make a charge of £18.00 per hour.

What we will offer you is a thorough and trusted service that will go the extra mile to make sure the client receives the service they have requested and are aware of, or connected to other services that can protect them from the complexities and trials of life.
