

Why we need Members

Our Associate Members help us to:

- ✓ Review existing services including their current performance, service model, funding, and development plans.
- ✓ Celebrate our successes and promote our charity
- ✓ Focus on specific themes or issues and co-produce service models, access to services and information
- ✓ Road test draft services, resources and facilities and influence their development stages
- ✓ Promote issues we want to campaign on or plans we want to influence

Associate Members do not have voting rights on any aspect of our Charity's governance or management.
