Stepping Out

Foot Care Service

Stepping Out Foot Care Service

Stepping Out helps to keep people mobile and maintain their independence by providing a basic foot care service. The service is provided in partnership with Dudley Clinical Commissioning Group and Dudley NHS Podiatry Service, through our trained staff and volunteers.

Who can use Stepping Out?

We provide toe nail cutting and filing of hard skin if you are:

- aged 60 or above
- registered with a Dudley GP
- not eligible for NHS Podiatry Services
- have difficulty looking after your own feet.

To ensure that you are suitable for this service, you will initially be assessed by an NHS Podiatrist, before any treatment is given.

How do I access the Service?

Referral by an NHS Podiatrist.

Once we have received your referral we will contact you with more details and arrange an appointment if required.

Do I have to pay for this service?

There is no charge for the initial Podiatry assessment. If you qualify for the service, you will then need to purchase your own personal nail care kit from us, which is a one off cost. There is also a charge each time you receive your foot care treatment.

Your personal nail care kit

The nail kit consists of a toe nail nipper and diamond deb file. It is kept in your possession and must be brought to each session to enable us to do your treatment.

At the end of each treatment it will be cleaned and returned to you.

What training do we receive?

All staff and volunteers are trained in foot care by the service Co-ordinator and supported by an NHS Podiatrist . Our volunteers are supervised by the Stepping Out Co-ordinator and assistants.

Where are the clinics held?

Clinics are held across three locations in the Dudley Borough.

Brierley Hill - which is our main centre where we hold clinics from Monday to Friday.

Sedgley and Halesowen - where we hold outreach clinics on alternate Wednesdays.

If you are interested in the Stepping Out Service or would like more information including charges, please contact the team on:
