

## About Mabel Churn and The Mabs Mardulyn Charitable Foundation

Mabel (or Mabs) Mardulyn née Churn was born in Hong Kong in 1919 and spent the early part of her life there. She moved to the UK around 1956 and settled in Enfield in the early 1980's where she was an active member of the Enfield community until her death in 2008. She created the Mabs Mardulyn Charitable Foundation as a lasting legacy to benefit young people and older people, both in the UK and Hong Kong.

**Marion Kelly**, Mab's niece and one of the Directors of **The Mabs Mardulyn Charitable Foundation** said of their donation:

"My aunt was a kind and generous person who enjoyed being with her family and friends. She was very committed to supporting charitable causes, she championed the underdog and served anyone who needed help. We admire the tremendous work Age UK Enfield does and the positive impact they create for older people, their carers, families and friends affected by dementia and other age-related issues. We are delighted to support their ongoing work, and we know Mabs would be honoured to be recognised in this way."
