Healthy Hub Bulletin May 19th

Welcome

Your one stop shop, supporting you and signposting you to your amazing local health and wellbeing services. We are sharing current health and wellbeing news to support you through Covid19 Lockdown plus activities from National Campaigns and this week it's **Mental Health Awareness Week 18th - 24th May**

The Mental Health Foundation started Mental Health Awareness Week in 2001 to raise awareness of mental health and mental health problems.

Whilst we enter into week 9 of lockdown we feel Mental Health week couldn't have come at a better time. We are all affected in some way by the "new normal".

The theme of this year's Mental Health Awareness Week is 'kindness.'

One thing that we have seen all over the world is that kindness is prevailing in uncertain times.

The added benefit of helping others is that it is good for our own mental health. It can help reduce stress and improve your emotional wellbeing.

The Mental Health Foundation recommend (among other things) starting each day of the week by sending an inspirational quote to someone. The Healthy Hub team will be posting their daily quotes of Kindness here;

<https://twitter.com/WHpublichealth/status/1262361037048877056?s=20>

If you would like to know more and maybe get involved then visit the Mental Health Foundation website for fundraising activities and resources;

Read on if you would like to hear about acts of kindness happening locally.

Acts of kindness in the Welwyn Hatfield Community

Becca Hayden's act of Kindness raising £280.00 for the Mind in Mid Herts Charity

A local resident, Becca Hayden who hadn't planned or trained to run the marathon this year decided to take on the 2.6 challenge and run the full marathon around Welwyn Garden City! Becca ran the marathon in 3 hours and 41 minutes and raised over £280 for her local mental health charity, Mind in Mid Herts. **Becca said** "Everyone who is a key worker during these times are doing so much for everyone, so I decided to come out of my comfort zone and run the marathon for Mind in Mid Herts to just give a little back."

Messages of kindness

Local residents, Henri, Maxine and Hannah share their thoughts on acts of kindness they have experienced.

Henri – 'I live alone with my dog so being able to meet with my neighbours sometimes to have a cup of tea and a chat over the fence makes my day'.

Maxine – 'As team leader of 3 surgeries, the past few months have been a rollercoaster of emotions and when I have had a low day and gone for a walk to clear my head after work the vibrant colours of the rainbow pictures in everyone's windows has really cheered me up. Thank you Hatfield Garden Village residents'.

Hannah – 'I felt very uncertain about my future following the cancellation of GCSE'S but the reassurance from my school (Stanborough) and regular updates telling me that everything will be alright has really helped me'.

A message from a local young person on OCD

We are very pleased to be able to share with you a real story from a local young person who has been struggling with OCD during lockdown. One of our mums from our Healthy Hub team had a very proud moment when her daughter Emily spoke bravely about her OCD coming back during lockdown on the Channel 4 News. Your Five Ways to Mental Health-Find out how you can join in!

CONNECT....with Kindness

The theme this year is kindness, and with the current situation it is vital we continue to be kind to ourselves. **Mind in mid herts** are therefore running free online sleep workshops, Facebook live sessions including laughing yoga and a dreamcatcher craft session which is perfect for families to get involved in and have fun. They are also dressing up on Wednesday 20th May to help raise vital funds to continue offering free services to the people of Hertfordshire during this difficult time. If half of Hertfordshire donated £1 to the cause they would receive £500,000, so head to our website and get involved! www.mindinmidherts.org.uk/support-us/mental-health-awareness-week/.
