Welcome Message

Thank you for considering our Just About You service to support you in your home.

Our unique approach is centered around providing assistance with daily tasks, excluding personal care or medication, enabling you to make meaningful connections with our team while maintaining your independence at home.

As a not-for-profit service, all revenue generated directly contributes to covering the operational expenses of the service.

Any surplus funds generated are allocated similarly to a donation, ensuring that by using our service, you are not only enhancing your independence at home but also actively supporting your local, independent Age UK Isle of Wight. This support enables us to continue providing a range of complimentary services to individuals over the age of 50 on the Isle of Wight.

Kind regards,

*Allison,
Shelley & Shannon*

What We Do

Housework & Gardening

Your support worker can help with or complete tasks such as vacuuming, dusting, mopping floors, changing beds, doing laundry or light gardening.

Outings & Transport

Your support workers can help get you out and about - that can be to an appointment or simply a walk. You can even book us months in advance to fit around regular appointments.

Shopping

Your support worker can take you to a shop of your choice or they can go on your behalf. Support workers can also assist with online shopping and unpacking.

Companionship

We can provide social visits for a friendly chat over tea or take you out to a destination of your choosing. This can also include respite care and sitting service*.

Meal Preparation

Meal preparation can include anything from chopping, peeling and cooking. Your support worker can prepare microwave meals, make a sandwich or grab you a snack.

Admin & Paperwork

Your support worker is able to help with basic admin and paperwork tasks. If you've got letters that need posting or a desk that needs tidying, they can assist you.

*Please note that we cannot undertake any personal care, including assisting with toileting or any help with medication. This is an important factor when considering respite options.

Our Support Workers

We take pride in the care and quality service delivered by our support workers.

In the best interests of our clients, all our support workers complete a DBS check before starting with us, as well as various other checks.

They are supported by a designated co-ordinator who will also check in with you regularly to ensure you are happy with the support being provided.

DBS Checked

All support workers are DBS checked when employed and periodically throughout their employment.

Full-Induction

A full induction is given to all our new support workers to ensure they have all the training they require.

Upskilling

Our support workers all receive training in Safeguarding, Food Hygiene, Health and Safety and Data Protection.

Reference Checked

All our support workers are reference checked.

Easily Identifiable

Support workers wear a uniform and carry an ID badge on a lanyard.

Choosing Our Service

After you make contact with us, or we receive a referral from a third party, we will schedule you in for a meeting in the comfort of your own home. Our Community Care Leader will conduct this. During this meeting, we will collect any details relevant to your service package, including an assessment of your home.

There is a one-time fee for this initial assessment. You will be advised of this prior to arranging.

During the meeting, our Community Care Leader will conduct an assessment to understand your preferences, needs and suitable times for support workers to visit.

This information will be used to co-ordinate a suitable support worker in your area. Your designated Client Care Co-ordinator will contact you after this assessment to agree a mutually convenient time and day for visits.

How We Use Your Money

As a charity run service, we are dedicated to transparency in how we utilise any income we receive. The fees from the Just About You service directly support operational costs, which includes the wages of our support workers.

The Just About You service is Age UK Isle of Wight's only income-generating service that doesn't rely on donations, contracted work or fundraising. While our hourly rate is calculated to cover the operating costs of the service, as a charity we strive to utilise all our resources to ensure we can continue our charitable services on the Island.

Any surplus from your hourly fee is treated as a donation to Age UK Isle of Wight and directly supports our charitable activities. This surplus is not guaranteed and it is only achieved through diligent monitoring and adjustments to our core costs, such as office rental charges, and other associated running expenses. This approach ensures that we can benefit you now and in the future.

This means that you can feel proud that your monthly fees for a support worker are going towards local charitable activity on the Isle of Wight. Every year, Age UK Isle of Wight are supporting thousands of registered clients. We also receive over 15,000 calls per year from Isle of Wight residents. By choosing our service, you're ensuring we are there for people in their time of need.
