

Islington Patient Group

14

July 2021

The event is from 6pm to 7.30pm

Support is available for those new to Zoom

Community health services and mental health services review

NHS North Central London Clinical Commissioning Group (NCL CCG) is reviewing services provided to residents living in Barnet, Camden, Enfield, Haringey, and Islington. We are inviting Islington residents and local organisations to attend this event to hear about both service reviews and give their views, to help shape the services offered.
