

Drawing and Collage Workshop with Arts for Dementia

Join our **FREE** workshop for people with early-stage dementia or mild cognitive impairment and their companions.

To celebrate Dementia Action Week, we will be hosting a free one-hour creative workshop at Vibast Community Centre for you to come and try out.

You are invited to take part in a drawing workshop where you will learn mark making and pattern techniques with our Arts for Dementia facilitator, Jasmine-Karis. These drawings will end up becoming your very own personalised collage pieces, which you can take home with you at the end of the session.

No previous art experience is needed. It's all about having fun and giving it a go!

- Enjoy a fun creative activity
- Make new social connections
- Develop new skills
- Combat memory worries

When: Thursday 22nd May 2025
11:15am - 12:15pm

Where: Vibast Community Centre,
167 Old St, London
EC1V 9NH

Contact: 020 7281 3319
