Guidance & practical support

You can talk to us about anything you need help or advice about. This might be about housing or money worries, getting out and about or if you're feeling low. Examples of the areas of support that we provide: www.ageuk.org.uk/islington/our-services/

Do you offer appointments?

Depending on what you need help with, we might book an appointment for you with one of our staff. This appointment could be by phone or at a variety of Islington locations.

With a good understanding of your circumstances and what you need help with, we'll be able to recommend the best next steps. This could be a follow-up appointment with Age UK Islington, with another organisation and/or for you to attend one of our support groups.

Social Opportunities & Support Groups

Find things to do, keep active and join clubs, coffee mornings or groups in your area. We can provide information about local activities, groups and events, local transport options to make it easier for you to get out, or opportunities you can take part in from home including befriending. www.ageuk.org.uk/islington/activities-and-events/get-togethers/
