"I feel confident that my relative is in safe care"

Our Service

We provide enhanced support in a comforting environment focused on respect and dignity to encourage social interaction, inclusion in engaging and meaningful activities and to provide much needed respite during the day for families caring for individuals.

Located throughout Lancashire and in the heart of local communities, our first class centres provide all the facilities and support needed to ensure you or your loved one enjoy their visit, gain confidence, learn new skills and socialise.

We provide a nutritional, healthy two course meal with refreshments and snacks throughout the day.

"I could not ask for anything better"

We pride ourselves on offering a high quality and supportive service, tailored to each individual's needs, ensuring everyone is kept entertained and stimulated.

Activities include: sing-a-longs, arts, crafts, gardening and reminiscence sessions. We pride ourselves on developing new activities to suit each individual to ensure they remain engaged and enjoy each day.

Dementia and Enhanced Support

We have designated centres providing both dementia support and enhanced support for people with a need for a higher level of care. We can provide a full range of personal and continence care including shower and wash facilities.

Our professional and qualified team ensure there is a comforting, friendly environment and provide a wide ranging variety of enjoyable activities designed to encourage participation and stimulate the group.

Quotes from customers and carers

"The food is always very good and appetising"

"I would like to attend the centre everyday as I feel lonely at home so the centre gives me the opportunity to do something I enjoy"

"You are a life line to me with your kindness and care; the support we have received is priceless"

"Brilliant staff - very friendly"

Free Taster Sessions
