

WELLBEING WORKER

Short Term Help & Support

About Age UK Lancashire

Age UK Lancashire proudly delivers services to over 12,000 older people across Lancashire each year, enabling them to maintain their independence and to enjoy choice and control over their lives.

If you come and work with us, you'll join around 240 colleagues and 110 volunteers who are proud of, and passionate about their work & our customers, who pull together as a team and who make an impressive difference in the lives of older people every day.

What you'll be a part of

Joining a thriving organisation, we'll ask you for your opinions and create opportunities for you to get involved in shaping what we do and how we do it.

Bridging the gap between the NHS and Social Care, you will provide invaluable support to clients, helping them attain or regain independence after a hospital stay or prolonged illness. Our service is integral to supporting hospital discharges, preventing unnecessary hospital admissions and may reduce the need for residential care.

Your work will include time spent within local hospitals, in the community, and at our Age UK Lancashire offices.

The Job

A Wellbeing Worker is solutions focussed, supporting people to access the help that they need when they need it, ensuring that people remain in their own homes for as long as possible.

A varied role that can be different each day, you may be assessing patients on wards, taking someone home directly from hospital, settling them back in to their own home, or working with them to access other services as their needs require.

You will offer practical and emotional support, including essential shopping and/or cleaning, collecting prescriptions, support to access other services and social reconnections.

You'll offer support to avoid crisis situations and when appropriate, provide links back into the community to prevent social isolation and maximise independence.
