

Loving Later Life - Day Clubs

A variety of activities, fresh meals and socialising in a friendly and safe environment

Over 20 years experience of providing first class care and respite.

Covid
secure

Approved provider

About our Day Clubs

This service supports adults aged 50+ to remain active and socially connected whilst meeting their individual support needs with dignity. Delivered in a Covid-compliant small group environment at a local centre, this service provides opportunities to socialise, retain skills and take part in meaningful activities aimed to help individuals retain their independence.

"I feel confident that my relative is in safe care"

A professional team provides person centred support, working with individuals and their carers to ensure people feel relaxed comfortable and welcome at every visit. We also offer an outreach service to maintain a level of support if circumstances change due to Covid restrictions.

"I could not ask for anything better"

We provide range of Cognitive Stimulation Therapy options for those living with dementia and their carers.

"Brilliant staff - very friendly"

Why choose us?

Become a member and enjoy...

- Taking part in fun activities and learning new hobbies
- Freshly cooked, delicious food
- Meeting new friends
- A warm and welcoming 'home from home' environment

Carers will benefit from...

- Knowing your loved one is safe and well looked after
- Enjoying much-needed respite and time to yourself
- Having a support network and someone to talk to
- Easy access to a whole range of continued support

Health professionals can...

- Be confident that we are a trusted and experienced supplier
- Benefit from a fast and simple referral process
- Be confident we will meet the needs of your clients
- Have confidence in our Quality Standards and Approved Supplier status
