

Are you someone who enjoys talking to others & listening to their stories?

Are you curious to find out how things work? Or have ideas (**BIG or small**) about how to make changes & improvements when things are not working so well?

We are looking for **older people & carers** to join this new **Citizen Research project** in Southwark.

We will focus on the issues that matter most to us all, carry out action research to make recommendations. Members of the community will decide on what to focus on, will support each other to get the evidence needed to make a strong case. We will provide support, training, help with presenting your findings as well as get your reports to the right decision makers.

We plan to draw on good practice, existing networks and partnerships, both locally & nationally.

Carers can be 60 or over and/or caring for an older person in the borough.

We are recruiting volunteers now to our Citizen Research Community (CRC) so please do get in touch.

Look out for information about **CRC Taster Workshops** over the winter months. *No need to be a researcher by background just be curious.*

We would love to hear from you.

Contact: Barbara (AUKLS) 0207 358 4077 crc@ageuklands.org.uk
