

MOVE is a project funded by the Big Lottery and the European Social Fund, aiming to help people access or return to paid work. It is a completely free service, independent of government agencies and is available for volunteers to choose participate in.

A network of organisations are working together across the county in both town and country locations. Financial assistance can be offered for transport, childcare and respite care costs to enable and encourage those who may live rurally, or are in an unpaid caring role to take part. You will have the benefit of ongoing support from your dedicated MOVE advisor who will be there for you throughout your time with the project, recognising your natural abilities and identifying potential opportunities. You can be referred to other partners working on the project and will benefit from a wide range of learning, improving skills and work related experience.

MOVE offers you

Confidential one to one support from a dedicated adviser

Help to recognise and achieve you goals

Training, work experience and qualifications

Employability support including CV writing, assistance with application forms and practice interviews

Job clubs and help with job searches

Referencing through volunteer work experience

Skill recognition and development

Ongoing support after a paid role has been achieved

Access to "My Work Search", an online employment skills, training and job search programme

Call us on the number below and we will invite you in for an informal chat to talk through what you would like to achieve and if you decide to go ahead and are eligible for the project, we will be able to plan how we can help you achieve your goals.
