

### **Age UK London Statement on TfL Funding Deal**

We have been watching the latest announcements about the Transport for London (TfL) funding deal closely. We also await news about a decision on the pre-9am suspension on Older Persons Freedom Pass and 60+ Oyster Card use. Until a decision has been made we reiterate our call on the Mayor to lift the suspension and reinstate the travel concessions, particularly at a time when older Londoners face increasing daily pressures due to the rising cost of living. We thank our thousands of supporters for getting behind this campaign and will keep you updated as further announcements are made by TfL.
