Alzheimer's Society Companionship Service

Our Companionship Service connects people affected by dementia with trained volunteers for regular, supportive calls, helping to reduce loneliness and build meaningful social connections.

At the heart of the service are one-to-one Companion Calls, offering consistent, friendly contact and emotional support from someone who takes the time to get to know you. Participants can also choose to join facilitated online group conversations and access our Dementia Support Forum, providing additional opportunities to connect with others who understand their experiences.

The service is flexible, so you can choose the level of support that feels right for you. Whether you're looking for regular

companionship, a sense of community, or simply someone to talk to, we're here to help.

How our Companionship Service works

You can choose regular one-to-one Companion Calls with a trained volunteer, with the option to also take part in facilitated online group conversations if that feels right for you. Calls remain at the heart of the Companionship service, offering reliable, friendly contact and emotional support.

Companionship is designed to help reduce loneliness and provide reassurance through meaningful social connection. You don't have to use every option – we'll help you choose what works best for you.

Ways to connect through Companionship

One-to-one Companion Calls: Regular, often weekly, friendly conversations with the same trained volunteer, offering a consistent connection and someone who gets to know you.
Weekly online groups: One-hour groups each week. Join when you'd like – you can dip in and out depending on how you're feeling.
Online forum: The Dementia Support Forum is a separate online community, available anytime, where anyone affected by dementia can connect with others. You'll need to register to become a member.

You don't have to commit to all three options. Let us know what interests you and we'll guide you through the next steps.

What to expect from our Companionship Services

Warm, volunteer-led companionship
Flexible access depending on your needs

Regular Companion Calls, with optional online group conversations
Availability across England, Wales and Northern Ireland
Our Companionship Services aren't clinical or crisis care. Online elements require internet access.

Sign up for Companionship

If you're unsure which option suits you best, fill out the form and we'll assist you in making a choice.

Companionship provides warmth and connection through friendly, volunteer-led conversations.

For expert advice, information and support about dementia, you can contact Alzheimer's Society's Dementia Support Line on 0333 150 3456, where trained Dementia Advisers are available to listen and help.

This provides an opportunity to meet others who face similar problems. Activities include games, music, jigsaws, painting, knitting, and baking. There are also "memory books" which can prompt those attending to reminisce.

Rosedale Bereavement Support

In person and online bereavement support in Norfolk and Suffolk

Our trained bereavement support group facilitators, Lucy, Amanda and Andrew run our groups in our Norfolk and Suffolk communities throughout the year and they also offers an online bereavement support programme.

The bereavement support groups follow the eight week Rosedale Bereavement Support Programme and each participant will receive their own bereavement support booklets.

Held in Diss and Wymondham

Online bereavement support in Norfolk and Suffolk

At Rosedale Funeral Home, we have been offering face-to-face bereavement support groups for over a decade, and these valuable in-person sessions will continue to be available. However, we understand that not everyone is able to attend due to work schedules, childcare responsibilities, or transport difficulties.

To ensure our support is accessible to more people, we now offer an online bereavement support group that provides the same compassionate care in the comfort of your own home. This eight-week programme is held via Zoom from 5.30pm to 7.00pm and is open to all adults (18+) living in South Norfolk and North Suffolk. Sessions are run several times a year based on demand.

The 2026 edition of your guide to care and support for adults has now been published. You can access it here

www.norfolk.gov.uk/careservices

If you are unfamiliar with the Guide, it contains lots of useful information to support people to be independent, resilient and well in Norfolk. There is information about how to get help and support, what kind of services are available and details of other organisations that can help. It is available for free in libraries, GP surgeries and other places across Norfolk.

Falls Prevention Information from ROSPA

In addition to removing hazards that could cause a trip, engaging in regular physical activity, to develop and maintain strength and balance, is also particularly important as we get older. Exercises designed to improve muscle strength, some of which are highlighted in the video, can reduce the risk of a fall by improving posture, coordination and balance.

Lions Message in a Wallet

Link to website-Message in a Wallet - LIONS DISTRICT 105CE

All Lions clubs have been associated with the Message in a Bottle scheme which was launched several years ago, however a relatively new project to supplement the Bottle scheme is now available via the Message In A Wallet. The Wallet scheme which has a similar form as in the bottles to contain an individual's Medical, Allergy details and contact details in an emergency etc. which is then contained in a plastic sleeve (credit card size) and placed in a Wallet, Purse or Handbag. The advantage of this scheme being if you are away from home and are in need of urgent medical treatment your details are readily available with you.

The Wallets have been recognised by the Emergency Services as another Lions project that assists them when an individual is in need of urgent medical treatment by notifying them of medication already

prescribed and any allergies.

The Wallets have been readily accepted by all sections of the community including younger people who believe the wallets offer a service to everyone.

If you require further information about please contact us by email: health@lions105ce.org.uk

EPIC Norfolk are providing FREE online exercise sessions for people over 50 years old. These sessions will support those who want to improve their physical and mental health or maintain their health to prolong their independence. They can be done seated or standing.

The classes are suitable for all abilities and exercises can be adapted to each individual's needs.

They will include aerobic exercises (improve your heart and lung health), balance exercises and muscular strength exercises.

All sessions are led by a friendly and experienced Level 4 instructor.

It's ideal that you have a resistance band to use during the sessions. If you don't have one, please email info@epicnorfolk.com and we'll post one to you for free.

Compassionate Friends
Norfolk & Waveney
Tapping House
Living well, dying well, never alone
Let's talk about death and dying - discover how to be a Compassionate Friend...
You can be a Compassionate Friend?
We all know people who are going through a difficult time due to ill-health, care-giving, loss or bereavement. We often want to offer support, but don't always have the words or know how we can help. Becoming a compassionate friend will help to build the skills and confidence needed.
Our workshops cover:
- Understanding what a compassionate community is
- Dispelling myths and taboos about death and dying
- Communication skills and how to use them effectively
- Practical ways you can support or the offer of a friendly ear to make a difference
