

Leaving a gift that changes lives

Your Legacy can help make Norfolk
a great place to grow older

Leaving a **living legacy** to **Age UK Norfolk** will enable us to help older people **enjoy the opportunities** and meet the challenges of later life

How it works

Leaving a legacy is easy – and it’s very effective. You can either make a specific gift in your will, or you can leave a percentage of the residue of your estate, once all your bequests have been taken care of.

Services your legacy could support:

- Telephone Befriending
- Free benefit checks & assistance with applications
- Management of household finances & budgeting
- Dedicated website displaying current care home vacancies in Norfolk
