Working Together

Living With and Beyond Cancer

This service offers people who have been diagnosed, are receiving treatment or have recovered from cancer, the opportunity to have a needs assessment to ensure their physical, emotional and financial needs are being met.

The service covers:

- Practical concerns
- Spiritual and religious concerns
- Lifestyle and information
- Physical concerns
- Family and relationship concerns
- Emotional concerns

Working one-to-one with a key worker, a care plan will be devised to address any concerns the customer may have and link with voluntary organisations to address those needs.
