

# Living with and beyond cancer

.....  
Are you living with or beyond cancer?  
If so, we are here to help.  
.....

**It's a cause for celebration** that more people than ever are surviving for longer after a cancer diagnosis but we know the impact of cancer doesn't suddenly stop during treatment and when treatment is over.

Age UK North Tyneside is working with The Northern Cancer Alliance to help improve the experience of people living with and beyond cancer.

## **Ways we can help**

We can offer support on a range of issues including:

- **Practical concerns**
- **Emotional concerns**
- **Physical concerns**
- **Family/relationship concerns**
- **Spiritual & Religious concerns**
- **Lifestyle & Information needs**

We want everyone who is diagnosed with cancer to live well after a diagnosis and believe everyone should experience high quality cancer care and support.

If you have a cancer diagnosis, a member of our Integrated Care Team can visit you in your home or community setting. They can support you to create a plan to help you feel more in control of your health and wellbeing.

Give our team a call today on 0191 280 8484 to find out more about the service.
