

Participants Wanted!

We are seeking adults aged **60 years or older** who have a **long term health condition** and are **internet users**.

Participants will be asked to take part in a group discussion with 3-4 other participants about their conditions and the role of technology in managing this condition.

This discussion is expected to take approximately **1 hour and 15 minutes**, and participants will be rewarded with a **£20 Amazon gift card** for their time. The discussion will take place at Northumbria University, Newcastle or Age UK North Tyneside. The study has received ethical approval from the department's ethics committee.

To take part or ask for more information, please contact the researcher at
