COMMUNITY SERVICES - Who we are

Age UK North West Kent was established as an independent charity in 2011 following the merger of four Age Concerns in Dartford, Swanscombe & Greenhithe, Northfleet and Gravesend. We work closely with local authorities, health services, social services and many other local organisations.

What was 'Gravesend Age Concern', successfully provided Community Services since the 1990's in the Boroughs of Dartford, Gravesham and part of Sevenoaks District, to promote and support independent living for older people. (see map for service coverage).

All our staff working in Community Services are specially trained for the work they do. This training is regularly updated allowing us to provide a professional and friendly service.
