## What we do

The Wellness Recovery Project offers support to women and children who have been affected by domestic abuse and sexual violence. The Project also offers support to children in school to develop their understanding of healthy relationships and child sexual exploitation. All elements of the programme are available to all residents within the whole of the Northumbria PCC area.

There are 3 key elements to the Wellness Recovery Project:

1. individual counselling for women and children who have experienced domestic abuse and sexual violence.
2. Delivery of Virtual Support sessions to women impacted by domestic abuse and sexual violence.
3. Delivery of Real Love Rocks in schools, both primary and secondary schools.

Women and children can be referred by any professional who is supporting them, or they can self-refer, for individual counselling. Counselling can be offered face to face at the Orchard Mosaic office, in the young person's school (subject to school's agreement) or via phone or virtual platform. Other community venues will also be considered if required. Counselling is person centred but other approaches are also used as appropriate. There is no age limit for children when being referred.

Women do not need be separated from their partner to access counselling but safety planning will be discussed with the woman and referrer prior to any sessions being offered.
