Challenges

Achieve Well 'Robin Walks Notts'

– a challenge for Nottingham based schools in which pupils help Robin Hood journey across Nottinghamshire by building minutes of movement together as a school. Schools receive short story chapters and themed resources that guide the journey and help prompt discussions about wellbeing, positive choices and how being active can support mental health.

Walk Wheel Cycle Trust's The Big Nottingham Travel Challenge

for anyone living or working in Nottingham encouraging us to leave our cars at home; and walk, wheel, and take public transport for more of our local journeys. Something people can do on their own or in competition with friends or work colleagues.
