

WARM & WISE

If you are aged 50+ and would like to be warmer and wiser about energy, we are here to help!

We can:

- Fit **FREE** energy saving measures such as LED light bulbs, timers, draught excluders and more!
- Give advice on reducing energy usage and bills
- Advise on how to maintain a healthy temperature at home
- Provide energy saving tips, information and signposting

Our Energy Advisors will help you to become Warm & Wise, with support available through home visits, over the telephone or online
