Our Story

All the profits from your order with Sybil's Homemade will help Age UK Notts to support local older people with dementia and their carers who rely on services such as the Sybil Levin Centre. The work we do is incredibly important to us and we'd like you to know a little more about it.

'the Sybil Levin Centre is very valuable to the local community, it is a service like no other for those in and around Nottingham who suffer with dementia. It is a place where joy and laughter can be found as well as the specialist care that is needed to ensure a good quality of life.

It's a place that carers can trust to look after their loved one so they can have some time to enjoy their own hobbies and interests or simply take a well-earned break. Our dedicated team of staff and volunteers go the extra mile to give our service users a rich, stimulating and engaging schedule.

They undertake activities such as growing vegetables, painting and memory quizzes. We've recently added Maintenance Cognitive and Stimulation Therapy (MCST) to our portfolio of activities.

This specialist service is a valuable way of helping people to maintain their creative thinking abilities for as long as possible in a fun and engaging way.

"To all the team of brilliant carers we would like to thank you all for your love and care given to mum over the last 5 years. It made her life and mine much better."
- Service User's family
