Bluebells Day Centre

...providing care with passion

Age UK Oldham's Bluebells Day Care Centre, based in the Moorside area of Oldham, has been designed with much thought and consideration towards its clients, the majority of whom live with varying forms of dementia.

The setting is a modern residential bungalow, specifically chosen to make those receiving day care, their families and carers feel that they are spending time in a 'home from home' environment rather than a typical care facility.

At Bluebells we believe in choice. We work with individuals to choose the support that is best for them. We value dignity and treat individuals with empathy and respect at all times.

Our surroundings ensure you or your loved one will feel comfortable and able to take part in activities of interest.

We are open Tuesday, Wednesday and Thursday, 8:30am - 4:30pm

"...the staff team have a brilliant reputation for supporting people."

What to expect from your session?

- Enjoyment and stimulation in a friendly fun setting which is enhanced through a full range of entertainment and activities tailored to suit the needs of individuals and the group as a whole
