

DAY CARE CENTRES

Providing older people a home-from-home experience whilst receiving professional, tailored care

Providing care with passion

Age UK Oldham's day care centres, based in the Moorside and Royton areas of Oldham, have been designed with much thought and consideration towards their clients; the majority of whom live with varying forms of dementia.

The settings are modern residential bungalows, specifically chosen to make those receiving day care, their families and carers feel that they are spending time in a 'home from home' environment rather than a typical care facility.

At Age UK Oldham we believe in choice. We work with and for individuals to choose the support that is best for them. We value dignity and treat individuals with empathy and respect at all times.

Our surroundings ensure you or your loved one will feel comfortable and able to take part in activities of interest.

"...the staff team have a brilliant reputation for supporting people."

What to expect from your session

- Enjoyment and stimulation in a friendly fun setting which is enhanced through a full range of entertainment and activities tailored to suit the needs of individuals and the group as a whole
- Freshly prepared meals by our staff and include light breakfast, a three course lunch, afternoon tea and other refreshments including tea and coffee available throughout the day
- Use of our 'home from home' and community-themed facilities including a nail bar, themed rooms, large lounge area, dining room, conservatory (outdoors indoors), large landscaped garden with decking and seating area.

What level of care will I receive?

All care staff have received a high level of training and clients can expect one-to-one support and care that is matched to their individual needs. Care plans are monitored and reviewed regularly.

How do I get a place?

Ring us for a friendly chat with the managers who can talk you through how to access a place within our day care centres.

How do I get there?

Age UK Oldham provide escorted adapted transport where clients can be picked up safely from their home and returned at the end of the day.

This is chargeable per journey.

“All the visitors are treated with love and respect from start to finish ”

“Stepping through the door in the morning feels like coming home.”

Taster Sessions

Come along and meet the team!

We advise clients to arrange a free taster session to ensure we can meet their needs and that the individual and their family/carer feel happy with what we have to offer.
