

Leave a legacy that stays local

To leave a legacy
that stays local please
ensure your will names
“Age UK Oxfordshire” and
includes our registered
charity number: 1091529.
Thank you.

For a fairer later life

Leave a legacy that stays local

Leaving a gift in your will is one of the most powerful ways to support older people - but where you choose to leave it makes a real difference.

Many people don't realise that **Age UK Oxfordshire** is an independent local charity, separate from the national charity Age UK. While we share the name and brand, we raise our own funds and deliver services directly to older people across Oxfordshire.

If you leave a legacy to Age UK, your gift will go to the national organisation, funding vital work such as influencing policy, campaigning for older people's rights, and delivering nationwide initiatives.

But by leaving a gift to **Age UK Oxfordshire**, you're making a difference right here in your community. Your legacy will help local older people access life-changing support - like befriending services, social groups and activities, home visits and dementia support.

Your gift will help ensure older people live with dignity, not disadvantage; that those facing illness or disability get the support they need; and that no one has to face loneliness alone. Every legacy, no matter the size, helps us build a fairer later life for people in Oxfordshire - now and for generations to come.

If you'd like your gift to stay local, please ensure your will names **Age UK Oxfordshire, registered charity number 1091529.**
