Where to go to have a blood test?
Updated for current COVID-19 pandemic

In light of the COVID-19 virus, we have taken steps to protect the public and our patients and staff.
A number of the usual blood testing locations have been closed to reduce patient footfall, support social isolation and optimise our resources.
For children under 12, blood tests will only be carried out on the advice of a consultant paediatrician.
Please note that this information is subject to change.

Queen's Hospital	A limited service will operate for our maternity and oncology services. **If you are one of these patients, you will already have been informed how to have your blood test.** All other patients (including children under 12s) are advised to contact their referrer for advice.	**Rom Valley Way, Romford, Essex, RM7 0AG** Appointment only.
