

Passion for Life

Making care & support personal

Salford
& Trafford
ageUK

Loving
later life
since 1975

Dementia care and support, no matter how unique you are.

At Passion for Life Day Support some like to dance, others pass the time with a good chinwag with friends. Some need help with the little things and others with much more. That's why our professionally trained staff provide highly responsive personalised care for people diagnosed with dementia.

We pride ourselves on our knowledge and commitment to quality and contemporary practice. The care we provide is trusted, our endorsement is strong, and is well-placed in the communities of Trafford - enabling much needed support for families and carers.

No two days are ever the same

Step inside Passion for Life Day Support and you'll find people doing the things they love, enjoying baking, art, dancing, even live entertainment. Keeping minds and bodies active is essential to living well with dementia.

Our care settings are open each weekday 9.30am - 3.30pm and are located across Trafford in Hale, Sale, and Urmston. All are self-contained, accessible, vibrant venues, specifically designed to support people in later life.

"Quite simply without your care and support my family just couldn't function."

Mr Alex M, Urmston
