Age UK Sevenoaks and Tonbridge are looking for qualified Footcare Health Practitioners to provide a toenail cutting service for older people. The service maintains and improves people's wellbeing and quality of life by helping them manage their toenails safely and maintain their independence at home wherever possible.

Must be qualified to be able to treat clients that have corns, callouses, partial ingrowing toenails and clients that are on warfarin and steroids.

About you

You will have good interpersonal skills and be at ease working with people's feet. You must be able to organise your own workload and be honest, trustworthy and flexible. We are looking for caring people who have an understanding of the issues that affect older clients and have empathy with people who are disabled, frail or from an ethnic minority background.
