Make a fidget spinner.

You will need paper, cardboard, scissors, felt tip pens, twine and glue.

1. Draw 2 circles onto your printer paper around the width of a standard mug.
2. Add colour to these circles, the more colourful, the more fun it is to see as it spins.
3. Cut out paper circles.
4. Use these to trace on a cardboard box and cut out 1 cardboard circle.
5. Glue on the paper circles to the cardboard, (one on each side!)
6. Poke two holes right in the centre of the cardboard circle.
7. Take a piece of twine, or string, about 28 inches long. Run the rope through the holes and tie a knot.
8. Take a piece of rope in each hand with the circle in the middle and go in circles to get the rope twisted.
9. Now you pull...relax...pull...relax. IF you do it right, the spinners make a humming noise!!!!

Play balloon volleyball.

You will need a balloon and some space where you aren't going to break anything!

Blow up the balloon and tap it to each other or even off the wall. How long can you keep it up in the air without it touching the floor? Can you do any trick shots?

I Wandered Lonely as a Cloud by William Wordsworth

I wandered lonely as a cloud
That floats on high o'er vales and hills,
When all at once I saw a crowd,
A host, of golden daffodils;
Beside the lake, beneath the trees,
Fluttering and dancing in the breeze.

Continuous as the stars that shine
And twinkle on the milky way,
They stretched in never-ending line
Along the margin of a bay:
Ten thousand saw I at a glance,
Tossing their heads in sprightly dance.

The waves beside them danced; but they
Out-did the sparkling waves in glee:
A poet could not but be gay,
In such a jocund company:
I gazed—and gazed—but little thought
What wealth the show to me had brought:

For oft, when on my couch I lie
In vacant or in pensive mood,
They flash upon that inward eye
Which is the bliss of solitude;
And then my heart with pleasure fills,
And dances with the daffodils.

Maths Questions

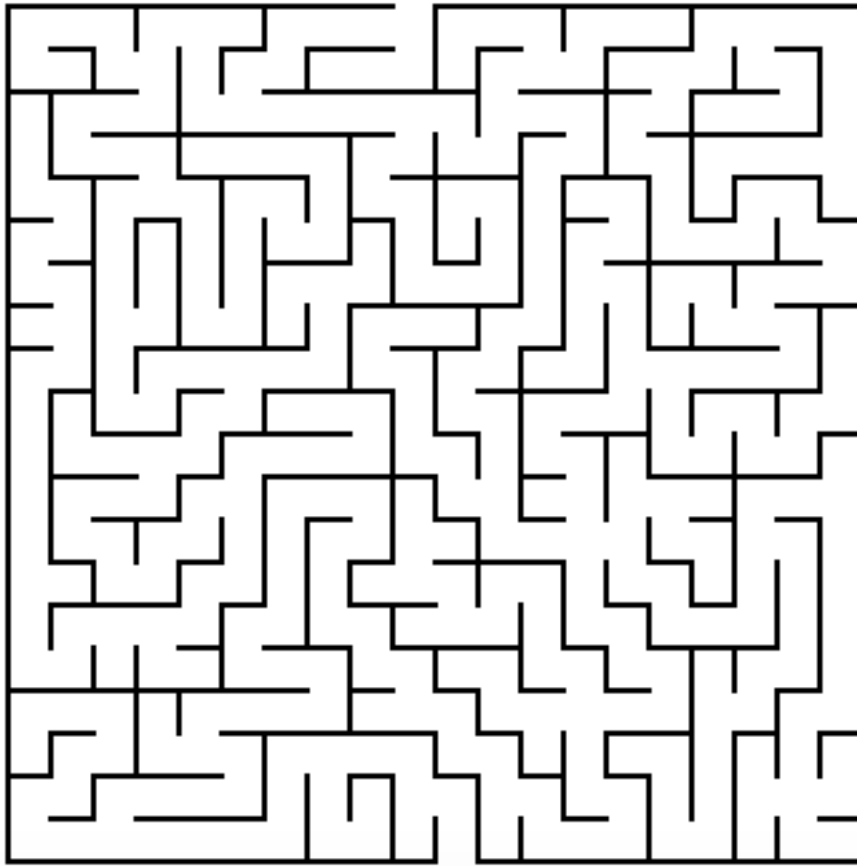

In an isosceles triangle, how many sides have an equal length?

If a laptop costs £800 'before' VAT, and VAT is 20%, what is the total price of the laptop?

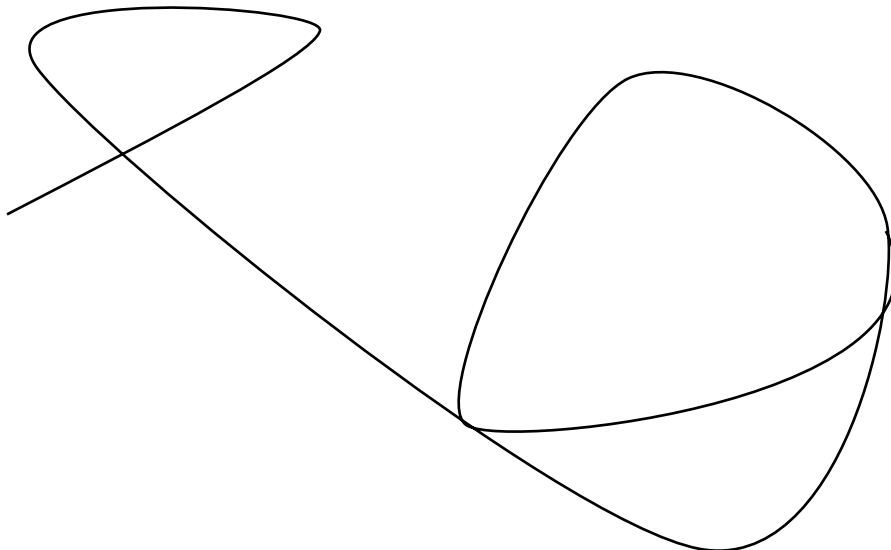

$111+222+333+444=$

Complete the sequence: 99 199 299 399
