## **Partnership Support for remote working**

Working up to the Easter holiday seems odd doesn't it, with us all being separated through the pandemic.

### **Good news**

Sheffield E-library is still open. To join just apply using your library number and you can access lots of content on RB digital.

Easter is coming up, why not put a picture of an Easter egg in your window for younger people to spot during this difficult time. Draw one, print one or make one it's up to you.

### **How can you help?**

If you know someone who is doing a great job during this difficult period email [heroes@proove.co.uk](mailto:heroes@proove.co.uk) and tell them why. They could get free pizza.

### **Your Questions answered**

**Having called someone, I am worried that things are right at home. I am worried there is a safeguarding issue, what should I do?**

Assess the situation, during all calls you should make general notes on the call to help you remember what has been said and to pinpoint any causes for concern.

It might be that I ring the person again the next day if I can to ask them again about the issue that was mentioned.

If I was very worried about the issue and didn't feel I could wait any longer I would look to chat it through with my manager or colleague. Looking to follow the safeguarding procedure from my organisation.

If this was not possible due to the way you are working due to the pandemic you can call adult access as usual, although the wait time may be longer. Their phone number is the same as usual 0114 273 4908.

*If you have any other questions regarding supporting people living with dementia through the pandemic, please contact me so I can help share best practice between different areas of the city.*

### **Passing the time**

I understand that many of the people you support will suddenly have lots of time on their hands so in this section I will share different ways to pass the time.

Why not make paper airplanes and see who can fly theirs the furthest?

Instructions on the page below.

Let me know if you want to share your own with other partnership organisations and I can do this in your next support document from Enrichment for the Elderly- sharing is caring after all!

### **Joke of the day**

How does the train eat?

Chew Chew

I hope you have found this document useful. If there is anything that I should add or remove as a feature for next time, please let me know as I want to make it as helpful as possible for you. If you want to share your best practice, please let me know too.

Thanks for all that you do in making a big difference to people living with dementia and their carers.

Please take care of yourself and if there is anything, I can do to help please let me know.

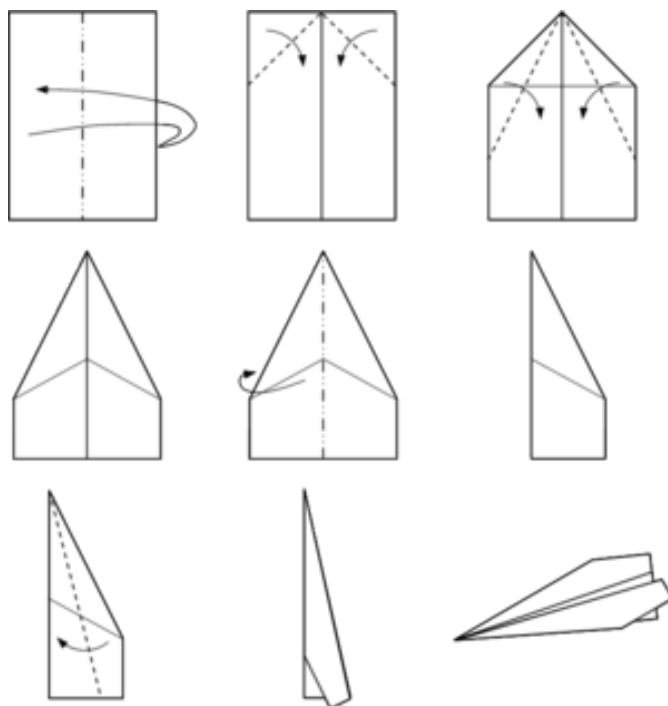

Thanks,

Grace

Enrichment for the Elderly

## How to make a paper plane

Fold the paper in half length-ways

Fold the corners into the middle with the centre fold sticking up.

Fold the pointed end to about two-thirds of the way down the paper.

Again fold the top corners into the middle of the paper, leaving a small triangle underneath.

Again fold the top corners into the middle of the paper, leaving a small triangle underneath.

Fold the whole thing in half.

Fold the sides of the down so that the edges run along the bottom of it

Open up the sides, and it's ready.

You can draw a design on the side if you wish.
