Raffle on the night.

Licensed bar.

What is a Smartphone Quiz?

SpeedQuizzing is a game show style interactive quiz which enables teams to answer quiz questions through a series of multiple choice, numbers and letter-based answers. All questions are timed so cheating is impossible and bonus points are awarded for being the fastest team for every question.

How do I prepare for attending a Smartphone Quiz?

Choose which device you are going to use for your team. SpeedQuizzing is playable on iPhones, iPads, Android devices and Amazon Fire devices.

Head to the app store or marketplace on your device and search for the app **'SpeedQuizzing – Virtual Buzzer'** and download it.

Choose yourself a team name. You won't be able to type it in until you are at the actual event but it's always good to get these things decided beforehand. Attend the event and enjoy! Practice questions are always done before the quiz starts so you will know what to do.

It is recommended that the app is downloaded before our quiz night.

Any problems, Stoo can help you out at the event.
